### Trumpet Background:

*Of all popular trumpets, the King has held the lead in popularity longer than any of them... "The perfect intonation, evenness of tone in all registers, the better quality of tone, the ease of playing and uniformity of every King has made them the popular of all trumpets!" -King 1931 Complete Catalog*

### Trumpet Condition:

For sale by The H. N. White Company LLC, this magnificent Trumpet is in original condition, like the day it left the Cleveland factory. The solid sterling silver bell section has its original gold leaf and interior gold wash. The body the Trumpet is in great shape and has no deep scratches. There are two wear points on this trumpet, one is on the bottom of the lead pipe where your thumb would rest, the other one is on the top part of the number one valve. All slides operate smoothly. The valves are super fast (like new) with no apparent loss of air pressure. This version of the King "Silver Tone" Liberty Trumpet also has the back facing second valve slide. All slides are stamped with the appropriately with matched serial numbers.

This trumpet is the rare Artist Bore (.486) and can project like no other! The Sterling Silver bell offers a more mellow tone!

The plating is 97.9% perfect!

This Trumpet is in fantastic condition and has been serviced and is ready to play!
